

## ***Advances in Optics and Photonics (AOP) Announces Editorial Board Members***

July 9, 2008

OSA's newest journal, [\*Advances in Optics and Photonics \(AOP\)\*](#), is pleased to announce the following members of the founding Editorial Advisory Board:

Govind Agrawal, University of Rochester  
Christopher Dainty, National University of Ireland Galway  
Erich Ippen, Massachusetts Institute of Technology  
Daniel Malacara, Centro de Investigaciones en Optica AC  
Peter Milonni, Los Alamos National Laboratory  
Sune Svanberg, Lund University

Also serving on the AOP Editorial Advisory Board are the following OSA Editors:

Stephen Burns, Indiana University (Editor, JOSA A)  
Joseph Mait, US Army Research Laboratory (Incoming Editor, Applied Optics)  
Martijn de Sterke, University of Sydney (Editor, Optics Express)  
Henry van Driel, University of Toronto (Editor, JOSA B)  
Alan Willner, University of Southern California (Editor, Optics Letters)

World renowned for their scientific achievements and leadership within the optics and photonics community, the Advisory Board members will help Editor in Chief, Bahaa Saleh, formulate editorial strategy and identify new directions for AOP.

AOP (<http://aop.osa.org>) will publish invited reviews and tutorials that chronicle significant advances in all areas of optics and photonics, from fundamental studies to engineering applications, including materials, devices, and systems. Suggestions of authors or topics for AOP may be directed to Kelly Cohen in the OSA Publications Department, [kcohen@osa.org](mailto:kcohen@osa.org).

AOP will offer free introductory access following its launch in January 2009. Check the [AOP website](#) for more information in the coming months.
